*"If you always do what you always did, you will always get what you always got."*  
(Albert Einstein)

In 2013 het Actuariel Genootschap (AG) will celebrate its 125<sup>th</sup> anniversary. This milestone is worth celebrating and AG intends to do this in style. On Friday 24 May 2013 an Anniversary Congress is organized (in English), featuring speakers addressing international and actuarial topics. An exciting and appealing program is being developed where confirmed speakers are Arnoud Boot (Professor of Corporate Finance and Financial Markets at the University of Amsterdam), Henk Schulte Nordholt (Professor of Southeast Asian Studies) and André Kuipers (Dutch ESA astronaut). Their speeches fit within the theme Global Innovation & Inspiration, True Colours.

The Congress is followed by an Anniversary Dinner and Party, to which all are invited.

This anniversary is also the reason why AG organizes the ASTIN Colloquium and hosts the IAA Council & Committee meetings from 23-26 May 2013 and the Joint Education Seminar of IAA and Groupe Consultatif on 26 and 27 May 2013.

We are heading for a week of international and actuarial topics you cannot miss!
