

We are very glad to announce that we are organizing the ASTIN, AFIR/ERM and IAALS Colloquia in Mexico City, to take place from October 1st to the 4th, 2012.

On the Colloquia dates, we will celebrate the 50th anniversary of the Asociación Mexicana de Actuarios (Mexican Association of Actuaries) and the 30th of the Asociación Mexicana de Actuarios Consultores (Mexican Association of Consulting Actuaries). In addition, we will commemorate ten years of having hosted the International Congress of Actuaries in Cancun, Mexico.

You are cordially invited to attend the Mexico Colloquium on 1-4 October 2012 REGISTER NOW!

Our [early-bird registration](#) period is now open until July 31, 2012, therefore please do not delay in registering for this important actuarial event. The Colloquium offers a variety of registration options for delegates, spouses and social activities. Please review the registration information on the website prior to registering.

Attendees will find this event a useful contribution to their personal development and CPD needs.

Scientific Program

The most important activities in these events will be the papers presentations, by the participants of the Colloquia, on the topics of General Insurance, Financial Risk and Life. Thus we invite you to actively participate sending papers to be presented during the events. The basis for the acceptance of papers are included in the Program section on the Colloquium website. **Abstracts will be accepted until July 31, 2012.**

Our Call for Papers has already generated over 45 responses. Below is a sample listing of topics which may be featured on the Colloquium program.

LIFE INSURANCE

- Mortality Modelling
- Deferred Insurance Contracts
- Social Security
- Longevity Risks

FINANCIAL RISK & ERM

- Stochastic Mortality: the Impact on Target Capital
- Interest Rates
- Long Term Insured Risk Modelling
- Economic Variables Modelling
- ERM
- Implicit options valuation in Pensions

GENERAL INSURANCE

- Claims Reserving
- Natural Catastrophe Risk
- Copulas
- Reinsurance
- Solvency II

These events are a great opportunity for the exchange of ideas, points of view and opinions which can be of great aid in the betterment of our professional background as well as to faster continuous education.

Keynote Speakers

During these events we will also have the participation of keynote speakers with international experience, who will share with us their ideas during their schedule presentations:

- Bradley Smith: President of the Society of Actuaries and Chairman of Milliman
- Michel Liès: Chief Executive Officer, Swiss Re
- Patricia Guinn: Managing Director Risk & Financial Services, Towers Watson

- Paul Embrechts: Professor of the Department of Mathematics, ETH Zurich
- Patricia Teufel: President of the Casualty Actuarial Society
- Craig Thorburn: Microinsurance Expert
