

AAE Annual Meeting – Rome, 5 - 7 October 2022

To All Participants to the AAE's Annual Meeting

ISOA is very happy to welcome You in Rome to the Annual Meeting of the Actuarial Association of Europe.

After the pandemic period and the ECA 2022 in Madrid, fortunately we participate to another meeting where to talk face to face and to stimulate networking and relationships. ISOA hopes you can enjoy the so called "*Ottobrate Romane*" (*Roman October*); October generally is the best month to visit Rome because it is not too cold or too hot; anyway the city is full of tourists all the year. The atmosphere of Rome is always special and it is not only the capital of Italy but it has always been a city open to everyone, full of history and millenary culture.

Rome, as Italy, is open to Europe and the world, but also Actuaries are open in Europe and in the world towards any kind of stakeholders contributing to the well being of the society, evaluating any type of risk, if quantifiable. AAE is involved very much in developing the actuarial profession from all the point of views, included a strong effort in communication. ISOA wishes strongly support this process also because we are following the same path through a very demanding project looking at the future of Actuary, especially towards the *wider fields*.

In the video with the presentation of this meeting there are many words full of important meanings also for Actuaries like *history, innovation, creativity, inclusion*, but especially two words have a particular and strategic meaning, *passion* and *inspiration*.

We could define *passion* as "*the driving force of our action*", and *inspiration* as "*the driving force of our ideas/strategies*".

So the sentence of the video "*three days of actuarial inspiration*" is not a case, but this is the wish to all of You that the inspiration may it always enlighten our minds.

Welcome again and enjoy the meeting and the city!

Giampaolo Crenca
President ISOA
